“ *I met Annie in college seated next to her I could see she was dedicated and smart as a whip, me being less dedicated she allowed me to lean on her occasionally academically. We partied, played, and loved together and then came Jessica ☐ Annie was a kind honest and loving person and may she forever rest in peace 🙏*

“ *Cuz, I don't believe it, I don't believe it, I just don't believe it! It is unreal to me that I have to continue on this planet without you. We were going to have a great time on the cruise. I was looking forward to spending sister time with you. We have a suite booked. I wanted you to wear that beautiful dress you had on for your birthday party for the formal Captain's dinner. Even the wig...you had to bring that. Now I must pretend we never had this plan and try to carry on. You are my sister cousin. When we talk on the phone, I purposely used to say something to you to make you laugh. You have such an infectuous laugh. Your voice kept Aunt Eloise alive because you talked just like her. Now, I am being forced to blow out that candle that was our relationship as sister cousins. I am going to miss you so very, very much. When we were in each other's presence, it was like old times all over again and it made my day just to be around you. My comforting comes from knowing that you have rejoined Aunt Margaret and Brian. I can only imagine that beautiful reunion. Please give my brother Greg a hug and kiss from me and tell Momma Georgia I miss her so much. Rest softly with all the eternal love I can give you from my heart my dear cousin. I am told where you are is beautiful. Until we hug each other again...your loving cousin, Gwen.*
